Settlement and Sale of the Notes

The Issuer expects to deliver the Notes against payment for the Notes on or about December 3, 2013 which will be the fifth business day following November 25, 2013, the date of the pricing of the Notes. Since trades in the secondary market generally settle in three business days, purchasers who wish to trade Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.
