NOTICE OF ANNUAL GENERAL MEETING OF STOCKHOLDERS

To Be Held April 10, 2002

March 6, 2002

The Annual General Meeting of Stockholders of Schlumberger Limited (Schlumberger N.V.) will be held at the Avila Beach Hotel, Penstraat 130, Willemstad, Curacao, Netherlands Antilles, on Wednesday, April 10, 2002 at 10:30 in the morning (Curacao time), for the following purposes:

1. To elect 11 directors.
2. To report on the course of business during the year ended December 31, 2001, to adopt and approve the Company's Consolidated Balance Sheet as at December 31, 2001, its Consolidated Statement of Income for the year ended December 31, 2001, and the declaration of dividends by the Board of Directors as reflected in the Company's 2001 Annual Report to Stockholders.
3. To approve the appointment of PricewaterhouseCoopers LLP as independent public accountants to audit the accounts of the Company for 2002.

Action will also be taken upon such other matters as may come properly before the meeting.

The close of business on February 21, 2002 has been fixed as the record date for the meeting. All holders of common stock of record at the close of business on that date are entitled to vote at the meeting.

By order of the Board of Directors,

Ellen Summer
Secretary

PROXY STATEMENT

March 6, 2002

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Schlumberger Limited (Schlumberger N.V.) (the "Company") of proxies to be voted at the 2002 Annual General Meeting of Stockholders. The approximate mailing date of this proxy statement is March 6, 2002. Business at the meeting is conducted in accordance with the procedures determined by the Chairman of the meeting and is generally limited to matters properly brought before the meeting by or at the direction of the Board of Directors or by a stockholder in accordance with specified requirements requiring advance notice and disclosure of relevant information.

The Schlumberger 2001 Annual Report to Stockholders is included in this package as a separate document. The Company's Consolidated Balance Sheet as at December 31, 2001, its Consolidated Statement of Income for the year ended December 31, 2001 and the supplemental financial information with respect to dividends included in the Annual Report are incorporated by reference as part of this proxy soliciting material.

The Company will bear the cost of furnishing proxy material to all stockholders and of soliciting proxies by mail and telephone. D. F. King & Co., Inc. has been retained by the Company to assist in the solicitation of proxies for a fee estimated at \$10,000 plus reasonable expenses. The Company will reimburse brokerage firms, fiduciaries and custodians for their reasonable expenses in forwarding the solicitation material to the beneficial owners.

Voting Procedure

Each stockholder of record at the close of business on February 21, 2002 is entitled to one vote for each share registered in the stockholder's name. On that date there were 576,234,851 outstanding shares of common stock of Schlumberger, excluding 90,865,189 shares held in treasury.

Fifty percent of the outstanding shares, exclusive of shares held in treasury, must be present in person or by proxy to constitute a quorum for the holding of the meeting. Abstentions and broker non-votes are counted for determining the presence of a quorum but are not counted as votes cast in the tabulation of votes on any matter brought before the meeting.

Shares cannot be voted at the meeting unless the owner of record is present in person or is represented by proxy. Schlumberger is incorporated in the Netherlands Antilles and, as required by Netherlands Antilles law, meetings of stockholders must be held in the Netherlands Antilles. The enclosed proxy card is a means by which a stockholder may authorize the voting of shares at the meeting. It may be revoked at any time by written notice to the Secretary of the Company before it is voted. If it is not revoked, the shares represented will be voted in accordance with the proxy.

1. Election of Directors

It is intended to fix the number of directors at 11 and to elect a Board of Directors of 11 members, each to hold office until the next Annual General Meeting of Stockholders and until a director's successor is elected and qualified or until a director's death, resignation or removal. Each of the nominees, except Jamie S. Gorelick, Andrew Gould and Adrian Lajous, is now a director and was previously elected by the stockholders. Don Ackerman, a director since 1982, Victor Grijalva, a director since 1998, John Mayo, a director since 2001 and Yoshihiko Wakumoto, a director since 1990 are not standing for reelection. Unless instructed otherwise, the proxies will be voted for the election of the 11 nominees named below. If any nominee is unable or unwilling to serve, proxies may be voted for another person designated by the Board of Directors. The Board knows of no reason why any nominee will be unable or unwilling to serve if elected.

A majority of the votes cast is required to elect each of the nominees for director.

The Board of Directors Recommends a Vote FOR All Nominees.

The Board of Directors' nominees for election to the Board, together with information furnished by them with respect to their business experience, and other information regarding them, are set forth below:

Board and Committees

Schlumberger has an Audit, a Compensation, a Finance, a Nominating and a Technology Committee.

The Audit Committee is comprised of four independent directors. It assists the Board in fulfilling its responsibilities to oversee the Company's financial reporting process and monitors the integrity of the Company's financial statements and the independence and performance of the Company's auditors. The Audit Committee recommends for appointment by the Board of Directors, subject to approval by the stockholders, a firm of independent certified public accountants whose duty is to examine the Schlumberger consolidated financial statements. Mrs. Stuntz is Chair of the Audit Committee, and Messrs. Levy-Lang, Mayo and Primat are the other members.

The Compensation Committee reviews and approves the compensation of the officers of the Company, advises on compensation and benefits matters and administers the Company's stock option plans. Mr. McCormick is Chair of the Compensation Committee. Messrs. Ackerman, Seydoux and Ullring are the other members.

The Finance Committee advises on various matters, including dividend and financial policies and the investment and reinvestment of funds. The Finance Committee periodically reviews the administration of the Schlumberger employee benefit plans and those of its subsidiaries. Mr. Levy-Lang is Chair of the Finance Committee and Messrs. Ackerman, Baird, Grijalva and Wakumoto are the other members.

The Nominating Committee recommends to the Board the number and names of persons to be proposed by the Board for election as directors at the annual general meetings of stockholders. It may also recommend to the Board persons to be appointed by the Board or to be elected by the stockholders to fill any vacancies which occur on the Board. Mr. Seydoux is Chair of the Nominating Committee, and Mrs. Stuntz, Messrs. Baird, Deutch and McCormick are the other members. The Nominating Committee will consider nominees recommended by stockholders who may submit nominations to Chair, Nominating Committee, care of the Secretary, Schlumberger Limited, 153 East 53 Street, 57/th/ Floor, New York, New York 10022-4624.

The Technology Committee advises the Board and senior management on various matters including the quality and relevance of programs dealing with scientific research, development, information and manufacturing technology and also advises on research strategy and university relationships. Mr. Deutch is Chair of the Technology Committee and Mr. Levy-Lang is also a member.

During 2001 the Board of Directors held five meetings. The Audit Committee met four times; the Compensation Committee met four times; the Finance Committee met once; the Nominating Committee met five times; and the Technology Committee met twice. All incumbent director nominees attended at least 83% of the aggregate of the meetings of the Board and of the committees of the Board on which such directors served.

Directors who are employees of Schlumberger do not receive compensation for serving on the Board or on committees of the Board. Board members who are not employees receive annual fees of \$40,000 each, annual stock awards of 500 shares of Schlumberger common stock and additional annual fees of \$10,000 as members of each of the committees on which they serve, except that the Chair of each Committee receives an annual fee of \$20,000, rather than the \$10,000 annual fee for committee service.

Audit Committee Report

The Audit Committee is comprised of four directors and operates under a written charter reviewed annually by the Board of Directors. All members of the Audit Committee are independent as defined in Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards. The Audit Committee assists the Board in fulfilling its responsibilities to oversee the Company's financial reporting process and monitors the integrity of the Company's financial statements and the independence and performance of the Company's auditors. In this context, we have reviewed and discussed the Company's financial statements with Company management and the independent auditors, PricewaterhouseCoopers LLP, including matters raised by the independent auditors pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has reviewed and discussed such other matters as we deemed appropriate.

The Company's independent auditors provided the Audit Committee with written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed the PricewaterhouseCoopers' independence with them.

We have considered whether the provision of services by PricewaterhouseCoopers LLP not related to the audit of the Company's financial statements and to the review of the Company's interim financial statements is compatible with maintaining PricewaterhouseCoopers' independence.

Based on the foregoing review and discussion, and relying on the representation of Company management and the independent auditors' report to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 filed with the Securities and Exchange Commission.

The amounts credited under the Schlumberger Restoration Savings Plan will be paid upon termination or retirement, death, disability, or change in control.

Stock Option Grants Table

The following table sets forth certain information concerning options granted during 2001 to the named officers. Shown are hypothetical gains that could be realized for the respective options, based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted over the ten-year term of the options. Any amount realized upon exercise of the options will depend upon the market price of Schlumberger common stock at the time the option is exercised relative to the exercise price of the option. There is no assurance that the amounts reflected in this table will be realized.

Option Grants in Last Fiscal Year

| Name | Individual Grants | | | Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term | | |

- (1) The Company has not granted any stock appreciation rights. Options listed above become exercisable in installments of 20% each year following the date of grant. All outstanding stock options become fully exercisable prior to liquidation or dissolution of the Company or prior to any reorganization, merger or consolidation of the Company where the Company is not the surviving corporation unless such merger, reorganization or consolidation provides for the assumption of such stock options.
- (2) The exercise price of the options is equal to the average of the high and the low per share prices of the common stock on the options' dates of grant and may be paid in cash or by tendering shares of common stock. Applicable tax obligations may be paid in cash or by the withholding of shares of common stock.

Stock Option Exercises and December 31, 2001 Stock Option Value Table

The following table shows certain information concerning options exercised during 2001 by the named officers and the number and value of unexercised options at December 31, 2001. Schlumberger has not granted stock appreciation rights. The values of unexercised in-the-money stock options at December 31, 2001 as shown below are presented pursuant to Securities and Exchange Commission rules. Any amount realized upon exercise of stock options will depend upon the market price of Schlumberger common stock at the time the stock option is exercised. There is no assurance that the values of unexercised in-the-money options reflected in this table will be realized.

Employment Agreement

Effective March 1, 2002, Jack Liu assumed a new position as Senior Advisor. Mr. Liu's employment agreement with the Company provides for his current annual salary of \$450,000 through February 28, 2003, adjusted to \$337,000 for the remainder of the agreement, which will expire on December 31, 2004, when he will retire. Mr. Liu will receive certain supplemental pension benefits and will continue to participate in the Company's employee benefits plans, other than vacation and the annual cash incentive awards program.

Pension Plans

Schlumberger and certain of its subsidiaries maintain pension plans for employees, including executive officers, providing for lifetime pensions upon retirement after a specified number of years of service. Employees may participate in one or more pension plans in the course of their careers with the Company or its subsidiaries, in which case they become entitled to a pension from each plan based upon the benefits accrued during the years of service related to each plan. These plans are funded on an actuarial basis through cash contributions made by the Company or its subsidiaries. Certain of the plans also permit or require contributions by employees.

Benefits under the international staff pension plans of the Company and certain of its subsidiaries are based on a participant's pensionable salary (generally, base salary plus incentive) for each year in which the employee participates in the plans and the employee's length of service with the Company or the subsidiary. Since January 1, 1993, the benefit earned has been 3.2% of pensionable salary for each year of service. Benefits are payable upon normal retirement age, at or after age 55, or upon early retirement. Estimated annual benefits from these plans payable upon retirement are: \$37,052 for Mr. Baird, \$124,237 for Mr. Gould, \$61,612 for Mr. Liu, \$43,167 for Mr. Dijols and \$36,580 for Mr. Bismuth.

Benefits under the U.S. tax qualified pension plans of the Company and certain of its subsidiaries are based on an employee's admissible compensation (generally, base salary plus incentive) for each year in which an employee participates in the U.S. plans and the employee's length of service with the Company or the subsidiary. From January 1, 1989, the benefit earned has been 1.5% of admissible compensation for service prior to the employee's completion of 15 years of active service and 2% of admissible compensation for service after completion of 15 years of active service. The Company has adopted a supplementary benefit plan for eligible employees, including executive officers. Amounts under the supplementary plan are accrued under an unfunded arrangement to pay each individual the additional amount which would have been payable under the plans if the amount had not been subject to limitations imposed by law on maximum annual benefit payments and on annual compensation recognized to compute plan benefits. Estimated annual benefits from the plans payable upon retirement (assuming retirement at age 65) are: \$43,292 for Mr. Dijols and, assuming admissible compensation continues at the December 31, 2001 levels, estimated annual benefits payable from the U.S. plans and the

supplementary benefit plan are: \$715,795 for Mr. Baird; \$318,441 for Mr. Gould; \$213,241 for Mr. Pfister; \$206,603 for Mr. Liu and \$196,849 for Mr. Bismuth.

Corporate Performance Graph

The following graph compares the yearly percentage change in the cumulative total stockholder return on Schlumberger common stock, assuming reinvestment of dividends on the last day of the month of payment into common stock of Schlumberger, with the cumulative total return on the published Standard & Poor's 500 Stock Index and the cumulative total return on Value Line's Oilfield Services Industry Group over the preceding five-year period. The following graph is presented pursuant to Securities and Exchange Commission rules. Schlumberger believes that while total stockholder return is an important corporate performance indicator, it is subject to the vagaries of the market. In addition to the creation of stockholder value, the Schlumberger executive compensation program is based on financial and strategic results and the other factors set forth and discussed in the Compensation Committee Report beginning on page 9.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board is composed entirely of outside Directors who review and approve compensation programs applicable to executive officers. Specific awards for these officers are approved by the Committee.

Three programs continue to provide the core compensation vehicles for executive officers:

- Base Salaries
- Annual Cash Incentive Awards
- Stock Option Grants

Base salaries are reviewed annually for competitiveness against a database of comparator company information provided by outside compensation consultants. The companies in the database are from industry segments in which Schlumberger competes: Oilfield Services and Information Technology with SchlumbergerSema. The companies in the database change slightly from year to year due to mergers and acquisitions as well as the normal movement of companies into and out of the database at their own volition.

The comparator companies used for compensation purposes are different from those in the Corporate Performance Graph (the Value Line Oilfield Services Industry Index).

While executive officer base salaries are reviewed annually to analyze their position versus the competitive market, they are adjusted less frequently. Except for significant changes in responsibility, an executive officer's base salary may be increased every three to five years and then by a significant amount. This has allowed the Company to focus primarily on variable compensation during periods of low inflation.

Mr. Gould's base salary was increased to \$800,000 based on increased corporate responsibilities. Mr. Pfister's base salary was increased to \$600,000 in April 2001, when he became Executive Vice President of SchlumbergerSema following the acquisition of Sema plc by the Company. Mr. Liu's base salary was increased to \$450,000 to position him competitively in the market.

Annual cash incentive awards for each executive officer are payable early in the calendar (fiscal) year and reflect performance against targets or objectives established in the preceding year.

Incentive awards for executive officers are calculated as a percentage of the base salary paid for the completed calendar year. The percent varies among executive officer positions to reflect the different levels of impact on Company results. For 2001, the incentive award ranges were:

- 0 to 100% for Mr. Baird
- 0 to 100% for Messrs. Gould and Pfister
- 0 to 75% for Mr. Liu
- 0 to 60% for Mr. Bismuth

With exceptional results incentive ranges can be exceeded.

One half of the incentive for each executive officer is a function of performance against financial targets for the Company (Messrs. Baird, Liu and Bismuth) or the business sector for which the executive officer is responsible (Messrs. Gould and Pfister). In 2001, the Company and the business sector targets were based on net income goals.

The second half of the incentive relates to performance against various objectives of each executive officer. Objectives may be strategic or personal and may relate solely to the completed fiscal year or be interim measures against longer-term objectives. The evaluation of the achievement of objectives is discretionary and subject to approval of the Committee.

Mr. Gould's cash compensation is in the top quartile of the comparator market based on the strong financial performance of the oilfield services sector in 2001. Mr. Pfister's cash compensation is in the third quartile of the comparator market. His objectives were the acquisition of Sema plc and its integration with Test and Transactions and the remaining businesses of the Resource Management Services Group. Mr. Liu's and Mr. Bismuth's results are based on financial goals established for the Company and specific functional and personal objectives. Mr. Liu's and Mr. Bismuth's compensation places them in the top half of the comparator companies.

Stock option grants are awarded on a general basis to eligible employees on an 18-month to two-year cycle. Grants are awarded on a discretionary basis to professional, managerial and technical employees who demonstrate exceptional performance in their current positions, as well as the likelihood of continuing high quality performance in the future. In addition, grants are awarded between general reviews to recognize promotions, substantial changes in responsibility, significant individual or team achievements, and under special circumstances. In 2001, following the acquisition of Sema plc, eligible SchlumbergerSema employees were recognized with a stock option grant.

Of the named executive officers, Messrs. Gould, Pfister and Bismuth were awarded stock option grants in 2001.

The stock option grants awarded by the Company are normally uniform in their terms for executive officers as well as for other optionees: 10-year term; vesting of 20% each year following the date of grant; and option price equal to fair market value on the date of grant. The Company occasionally awards grants with different vesting schedules in particular circumstances. The Company does not utilize below-market options, stock appreciation rights, phantom stock, restricted stock, performance units or reload options.

Section 162(m) of the Internal Revenue Code limits the deductibility of certain compensation expenses in excess of \$1,000,000 per individual. The Committee does not believe that the cash compensation payable in excess of this amount for fiscal year 2001 will result in any material loss of tax deduction. Therefore, the Committee has elected not to follow the provisions of Section 162(m) with regard to cash compensation. The Company's stock option plans are believed to be in compliance with the provisions of Section 162(m).

Bases for the Compensation of the Chief Executive Officer

As in past years, the same companies used for comparison purposes to review base salaries of other executive officers (and managerial employees throughout Schlumberger) are analyzed to review the base salary of the Chief Executive Officer. The approximately 50 companies in the database are from broad industry segments in which Schlumberger operates.

The Chief Executive Officer's salary remained at \$1,500,000 during 2001.

The annual incentive range for Mr. Baird was 100% of base salary in 2001. One-half of this award was measured against net income targets for the Company. These targets were exceeded, so payment on the financial portion of the incentive award is greater than 50% of base salary.

The second half of the award reflects the Committee's evaluation of Mr. Baird's excellent performance against strategic objectives established early in 2001 for the calendar year. These objectives were a combination of acquisitions, divestitures, and integration of new businesses. Disclosure of specific measures applied to evaluate achievement of Mr. Baird's objectives could adversely affect the Company's competitive position.

The total cash incentive awarded Mr. Baird for 2001 performance was \$2,000,000. In combination with base salary, this places him in the top quartile of comparator market data.

Mr. Baird has no employment agreement with the Company.
